6. PRESIDENT'S REPORT

President Dale reported on the following:

- A. Aerial photographs - President Dale distributed the aerial photographs of the ongoing projects.
- B. Extension of Runway 9L-27R – The Benefit Cost Analysis has been approved and the FONSI on the EA has been issued. The Authority still has the application in for the design grant, the extension of the ILS and the taxiway. Still awaiting action on the design that was submitted in May. Application for the \$8 million land acquisition grant and the design-planning grant has been submitted.
- C. Runway 18-36 Rehabilitation – The 122-day project started and is progressing well. Grant 58 for \$1.54 million will be used to replace 5,002 feet at the Authority's discretion. The day before the meeting approximately 571 tons had been paved. President Dale does not anticipate any problems with the project. Approximately 17% has been completed, and he expects the project will be completed before Christmas.
- D. Improvements for the upgrade for airfield signage – This is a force account project funded with a \$1,060,253.00 grant. The project is approximately 60% complete. The project is scheduled to be finished by the end of February 2010. The LED lighting and signs used will provide significant power savings.
- E. Attorneys' Fees – Distribution and discussion of October's attorneys' fees.
- F. Bldg. 310 Improvements – Diane Crews briefed the Board on the renovation. Currently at 80% occupancy, with a monthly revenue of \$45,000.00, and an expected revenue of \$536,000.00 a year if it remains at the same rate.
- G. Cargo Building Buildout for TSA – The Authority signed the contract with TSA for the buildout to be used for the inspection of cargo, at TSA's expense, on September 25, 2009. The application for permit has been submitted to the City. The Airport will be getting over \$1 million worth of screening equipment.
- H. Membrane Hangar – Continuing to work on the final specifications for the design build. The draft bid package will be ready by November 5, 2009. President Dale discussed the proposed site plan of the 44,000 square foot hangar. In response to Chairman Longstaff's question, President Dale explained that the widening of SR 46

has been taken into consideration. Board Member Donihi inquired about security. Mr. Garret is working on the security cameras.

- I. Healthcare Insurance – Ms. Crews clarified that during open enrollment, the insurance representatives realized they had not provided the employees the coverage they had briefed the Board on for approval. Consequently, the insurance option changed to PLD, not PLZ, with coverage as originally approved by the Board. Motion by Board Member Donihi, seconded by Board Member Cattell, to change PLZ Option 1 to PLD Option 1. Motion passed.
- J. Miro Hospitality Properties, LLC – After meeting with President Dale, Mr. Hooda agreed to terminate the lease agreement and to provide the Authority a copy of all permits, plans, and specifications. Copy of the termination agreement has been received.
- K. Millwork International – Tenant is hesitant to sign personal guarantee for a year, but would like to sign a month-to-month lease with a personal guarantee. Board Member Donihi questioned how many months the tenant owed. Ms. Crews clarified the tenant owes 3-4 months. Motion by Board Member Eckstein, seconded by Board Member Donihi to accept month-to-month lease with a personal guarantee. Motion passed.
- L. Sign for City of Sanford – Discussion of User Agreement with the City for the location of LED electronic sign on Airport property. Motion by Board Member Eckstein, seconded by Secretary/Treasurer Litton to approve user agreement for signature, under discussion.

Counsel questioned if it was a sign for commercial service (advertisement) or if it would serve only as the City's message board to welcome people. President Dale clarified it would not be for commercial purposes. The Authority is providing the space at no charge; in turn, the City will be liable for maintenance and liability of the sign.

Board Member Donihi stated that even though the City owns the Airport, the Authority still needs to maintain what goes in or out of the Airport. President Dale stated that the Authority would have no control over what is displayed on the sign. Board Member Smith questioned if there was a provision prohibiting them from selling commercial advertisement on the sign. President Dale clarified there was no such provision. Chairman Longstaff questioned if it would be unreasonable for the Authority to ask for exclusion that the City cannot use the sign for commercial purposes. Larry Gouldthorpe commented he had seen agreements in other counties, where his company did include some stipulations and have a little bit of say on what messages were displayed on airport property. Board Member Donihi stated he did not see any reason why the sign should be restricted considering it is a City sign and that it will be used for their purposes. Board Member Cattell questioned which administrator in the City would be responsible for the sign. President Dale clarified the City manager will manage it or might have Marc Hultin manage it on his behalf.

The agreement states the use of the sign will be to welcome visitors to the City of Sanford, Chairman Longstaff questioned if such wording restricts the City and that if they use it for commercial activities they will be in violation of the agreement. Counsel clarified that without an express provision/limitation they can welcome the people, but have an advertisement sign at the bottom. Chairman Longstaff stated that if it became an issue, he believes the Authority can discuss it with the City. Mr. Gouldthorpe stated another provision added in the agreement previously discussed, was that if the Authority deemed any adverse aeronautical effects due to the lights or height of the sign because of any change in the airfield configuration, the Authority had the right to lower or relocate the sign.

After discussion, the motion passed without provision.

- M. Noise grant – The Authority received a \$4.46 million 30-parcel noise land acquisition grant. The Notice to Proceed was issued to O.R. Colan. President Dale has reviewed the noise contours, and the new school on SR 46 will not be affected by it.
- N. News Articles – President Dale discussed several news articles regarding Allegiant.
- O. Wildlife Management – Regarding the tortoise permit, the Fish and Wildlife Conservation Commission assured President Dale they would take his comments into consideration. Airports with approved wild life management plans will be issued a special permit.

President Dale requested the consent from the Board to request an arbor permit from the City and start taking pine trees down, as recommended by the wild life specialist. No objection to applying to the City of Sanford for the arbor permit. President Dale cautioned the Board some groups will be against it.

7. COUNSEL'S REPORT

The suit against ACI and Moss Waterproofing for reimbursement in regards to the parking garage waterproofing repair will be filed the day of the meeting or the following day.

The HTA third party lawsuit has a case management conference the day of the meeting at 4:00 p.m. Will get trial date and full case management order.

The second lawsuit directly with HTA in regards to Parking Lot E is scheduled for case management conference on November 17, 2009. HTA has agreed to pay for the mediator to come to Orlando. The counsel for both parties and the airport has agreed to block off January 14th to 21st; however, the dates still need to be confirmed with HTA.

President Dale briefed the new board members on the HTA lawsuits.

8. TBI REPORT

TBI President Larry Gouldthorpe reported on the following:

A. Monthly Statistics for October 2009

- i. UK traffic total
October 2009 – **54,114** passengers
- ii. International traffic total
October 2009 – **56,672** passengers
- iii. Domestic traffic total
October 2009 – **59,258** passengers
- iv. Traffic total (inclusive of transit passengers)
October 2009 – **115,930** passengers
- v. Percentage
UK traffic is down 16% compared to October 2008. International traffic is down 16% compared to October 2008. Domestic traffic is up 28% compared to October 2008. Total traffic is up 2% compared to October 2008. Year-to-date traffic is down 8% compared to 2008.

Mr. Gouldthorpe commented the economy is still down, and travel will continue to be affected. US Airways will lay off 1,000 employees and is closing bases in Boston and three other cities. Demand is still very weak.

B. Airlines/Tour Operators Update

- i. Icelandair - Icelandair started twice a week operations on October 2, 2009.

C. Miscellaneous Updates

- i. World Travel Market Meeting – Greg Dull is preparing for the World Travel Market Meeting taking place in London the following week. He will be meeting with various airlines.
- ii. Airport Revenue News – Airport Revenue News magazine shows how airports do on a commercial basis in terms of their concession program and services provided to the traveling public. In the 2010 Best Airport Concessionaires Nominees, the Airport was mentioned 5 times under the following categories: airport with the best concession program design for small airports; airport with the best consumer services for small airports; airport with the best concession management team; airport with the most unique services; and airport with the best overall concession program. The Airport ranks #1 in the International Airport By Performance listing and #14 on overall performance.

- iii. Concessions – Tour of the store expansion will take place after the meeting.

Board Member Eckstein stated there was an article on Forbes magazine showing Allegiant as the #2 on the best companies listing.

- F. Consider approval of renewing annual contract with Product Marketing Group, Inc. for continued public outreach campaign, marketing and special event coordination.

More than 5 years ago, Product Marketing Group, Inc. (PMG), under the leadership of owner, Beverly Winesburgh, initiated the public outreach program, FlySanford.com. The program features a user-friendly website that is continually updated with current flight information, and provides links to the Airport's primary website as well as the airlines. In addition, PMG prepares and coordinates the publication and distribution of mailouts through public and private venues, including local governments, chambers of commerce, homeowners associations, the School Board, etc. In the past, PMG has provided their expertise and assistance to help launch both Icelandair and Flyglobespan, initiated a new marketing effort into Volusia County through Stetson University, and worked with staff on a number of events, including the FTZ Educational Symposium, Flightfest, and the grand openings of both the Airport's new entrance and the parking garage. PMG continues to work with both the SAA and TBI Airport Management Group to provide creativity and artwork as needed for numerous advertisements and publications. PMG has consistently delivered an excellent product in a timely and efficient manner.

PMG's current contract will expire at the end of November. At this time, a new contract has been submitted that will extend PMG's services for one (1) additional year, effective December

1, 2009. The annual cost of these services is \$36,000.00, with SAA and TBI each paying \$18,000.00, or \$1,500.00 monthly.

Staff recommends approval of the contract renewal with Product Marketing Group, Inc., for continuation of the public outreach campaign and marketing and special event coordination, at an annual rate of \$36,000.00, for one (1) additional year.

- G. Consider approval of Loan for Construction of Hangar for Avocet Capital, LLC and Line of Credit.

Staff recommends approval of Joint Participation Agreement, FM Number 410093 1 94 01 and Resolution Number 2009-12, for Runway 18-36 rehabilitation to include blast pads, REILS, and runway safety area, in the approximate amount of \$5,062.00. This funding will provide the 2.5% match for the FAA Grant.

- K. Consider approval of Supplemental Joint Participation Agreement (SJPA), FM Number 405192 1 94 01 and Resolution Number 2009-13, for the design and construction of a Commercial Aviation hangar.

Staff recommends approval of Supplemental Joint Participation Agreement (SJPA), FM Number 405192 1 94 01 and Resolution Number 2009-13, for the design and construction of a Commercial Aviation hangar, in the amount of \$950,000.00. The Airport Authority's 50% portion originally was \$1,550,000.00. This SJPA will increase the amount of the grant to \$2.5 million.

L. Sanford Aviation Noise Abatement Committee (SANAC) Appointment Confirmation.

Due to the demands of his duties at Delta Connection Academy, Mr. Larry Wade has resigned as a member of SANAC. His year of service as the General Aviation Representative to this committee has been appreciated.

At the suggestion of Mr. Wade, Mr. Wes Pennington, SANAC Chairman, has appointed Mr. Mike McCarthy to serve as the new General Aviation Representative. Mr. McCarthy is the Manager of Safety and Security for Delta Connection Academy and has been attending the SANAC meetings for two years.

Staff requests confirmation by the Authority of Mr. Mike McCarthy as the General Aviation Representative to SANAC as required by the committee Bylaws.

Motion by Secretary/Treasurer Litton, seconded by Board Member Eckstein, to approve Consent Agenda Items A through L, excluding G. Motion passed.

12. DISCUSSION AGENDA

- A. Consider approval of Loan for Construction of Hangar for Avocet Capital, LLC and Line of Credit.

Staff recommends approval of Loan for Construction of Hangar for Avocet Capital, LLC and Line of Credit. The loan in the amount of \$2.5 million, is the Authority's portion of the 50/50 FDOT grant. The Line of Credit is in the amount of \$1 million.

President Dale briefed the Board on terms. Chairman Longstaff commented the Authority cannot give mortgages on Airport property and there was nothing unrealistic about the agreement. Based on the recommendation from Chairman Longstaff, motion by Board Member Eckstein, seconded by Board Member Cattell, to approve Loan and Line of Credit. Motion passed.
